ABOUT US

Yingfa Factory was began in 1985 and officially renamed Taizhou Yingfa Valve Co., Ltd in 2001, is located in YuHuan ZheJiang. Yingfa is a professional valve enterprise integrating design, development, production, sale and trade. We mainly produce brass valves, lead free supply stops, mainfolds and brass fittings for plumbing systems, heating and air conditioning and water distribution networks. We own a stable of professional production management, quality control and Research & Development team. We are working to meet todays increasing demands of process improvements, new materials & technologies. We have advanced production equipment and testing equipment, including 256 sets of CNC machines, 30 sets of special machines, 80 sets of automatic equipments and 1 professional Laboratory.

All our products are manufactured in our factory utilizing the advanced automated methods for production, assembly, testing and packaging. Every product is 100% tested during the manufacturing and assembly process. Yingfa Quality System has been certified to the ISO 9001: 2015 standard. Yingfa plumbing supply stop valves are tested and certified by the North American countries and regions of the IAPMO cUPC, NSF/ANSI 61 and Lead Free AB1953.
